EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Craig B. Bailey on 10 September 2009.

The application has been amended as follows:

1. (Currently amended) A radiation stress, non-invasive vital sign monitoring method comprising:
 - providing one or more discretized sensor arrays,
 - engaging the one or more discretized sensor arrays,
 - measuring and collecting discretized acoustic or electromechanical or physiological signals with the discretized sensor arrays,
 - transmitting discretized signals to a receiving and computer device,
 - the receiving and computer device
 - produces ~~producing~~ time series data from various discretized sensor array signals,
 - calculates ~~calculating~~ energy spectrum from the time series data,
 - determines ~~determining~~ variance of each discretized sensor array, and
 - calculates ~~calculating~~ a value for vital signs of a patient.

REASONS FOR ALLOWANCE

2. Applicant and Examiner agreed on the amendment above to satisfy the machine-or-transformation test stated in the "Interim Examination Instructions for Evaluating Subject Matter Eligibility Under 35 U.S.C. 101", August 2009. The amended claim above requires that the method be implemented by a particular machine, i.e. "one or more discretized sensor arrays" and "a receiving and computer device". In addition, the use of the particular machine imposes a meaningful limit on the claims scope and does not involve more than insignificant extra-solution activity, since the critical process steps are performed by a computer. Thus, the amended process claim is statutory under 35 USC 101.

3. Claims 1-26 are allowed.

4. The following is an examiner's statement of reasons for allowance:

Claims 1-13: Claim 1 and its dependent claims 2-13 are allowable for the reasons stated by the Applicant's Remarks, p. 2, filed 18 May 2009.

Claims 14-26: Claim 14 and its dependent claims 15-26 were previously indicated as allowed for the reason provided in the Office Action, p. 3, mailed 18 June 2009.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to NAVIN NATNITHITHADHA whose telephone number is (571)272-4732. The examiner can normally be reached on Monday-Friday, 9:00 am - 5:00 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Charles Marmor, II can be reached on (571) 272-4730. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
